

AUTO PARTS CASTING PLANT INAUGURAL CEREMONY

Saltillo, Mexico, June 26, 2014--Grupo Industrial Saltillo, S.A.B. de C.V. (BMV: GISSA) ("The Company", "GIS" or "GISSA"), celebrated the inaugural ceremony of a new auto parts casting plant today in San Luis Potosí city with an investment of USD 65 million, in which 220 new jobs will be generated.

Mexican Secretariat of Economy, Ildefonso Guajardo Villarreal and the Governor of San Luis Potosí State, Fernando Toranzo Fernández were invited as witnesses of honor.

The plant will produce gray and ductile iron parts for automotive industry mainly; and also for home appliance sector, among others. With this expansion, the Group's casting capacity at this location was doubled, reaching 120,000 tons per year, and total casting capacity for GIS in Mexico reaches 240,000 tons per year.

Alfonso González Migoya, Chairman of the GIS Board of Directors, stated: "Following the strategy of increasing its presence in the Auto Parts Sector, Grupo Industrial Saltillo has invested more than \$145 million dollars in this sector in recent years to meet the current and future demand in the industry."

Recently, Grupo Industrial Saltillo announced the opening of a new casting and machining plant in Irapuato city through a JV with a major global player in the auto parts industry.

About Grupo Industrial Saltillo

Grupo Industrial Saltillo manufactures and sells products for the Iron Foundry (grey iron and ductile iron for auto parts), Construction (water heaters, floor and ceramic tiles) and Housewares industries (kitchen and table products).
