

STANDARD AND POOR'S UPGRADES GCC RATING TO BB-

Chihuahua, Chihuahua, October 2nd, 2015 - Grupo Cementos de Chihuahua, S.A.B. de C.V. (BMV: GCC*) (the Company) informs that Standard and Poor's upgraded GCC's corporate credit and debt ratings to BB- with a stable outlook.

According to Standard and Poor's, the rating action reflects GCC's continued improvement in operating and financial performance and credit metrics over the past few quarters, as a result of GCC's ability to capture the positive momentum in the residential and nonresidential construction sectors, in both the U.S. and Mexico. Additionally, in S&P's view, GCC will continue improving its financial performance, based on operating efficiencies and a prudent financial policy, reflection of which is the recently concluded refinancing of its bank debt, which will provide greater financial flexibility to the company.

In S&P's opinion, GCC's ability to capture the positive momentum in the U.S. and Mexico, is reflected in the higher cement volumes sold and better pricing environment. For the last 12 months ended June 2015, GCC posted strong results compared with the same period last year, with revenue growth of 18.1%.
