Second quarter 2017 earnings report

## GCC REPORTS SECOND QUARTER 2017 RESULTS

Chihuahua, Chihuahua, Mexico, July 25, 2017 - Grupo Cementos de Chihuahua, S.A.B. de C.V. ("GCC" or the "Company") (BMV: GCC *), a leading producer of cement and ready-mix in markets in the United States and Mexico, today announces its results for the second quarter of 2017.

## HIGHLIGHTS

GCC continued to generate strong double-digit increases in sales, operating income, and EBITDA during the quarter. Results reflect the successful integration of the operations acquired in Texas and New Mexico late last year and progress in the execution of the Company's growth strategy.

- Standard and Poor's raised GCC's credit rating to BB

## FINANCIAL RESULTS

Net Sales for the second quarter of 2017 increased by $22.6 \%$ compared to the same period of 2016, to $\$ 4,497$ million pesos. The increase resulted from higher cement volumes in the United States, and higher prices for cement and concrete in both countries. For comparative purposes, sales in 2Q17, excluding the operations acquired last year, increased 6.0\%.

In the United States, sales rose $28.9 \%$ in the second quarter of 2017 compared to the same period of the previous year, totaling $\$ 3,455$ million pesos and representing $76.8 \%$ of GCC's consolidated net sales. The strong growth reflects higher cement sales volumes in the states of Texas, Colorado, South Dakota, Nebraska, and New Mexico, and higher ready-mix volumes in Texas, resulting in an increase of $29.8 \%$ in cement sales volumes and a $1.0 \%$ increase in concrete volumes. Excluding the recently acquired operations, cement volumes increased $3.6 \%$, while ready-mix volumes decreased $13.4 \%$, due to a greater
volume of wind farm and transmission line projects in 2016, and the delay in the execution of certain projects this year, which are now expected to be carried out in the second half of 2017.

Cement prices increased $6.7 \%$ in the period; excluding acquired operations, they increased $3.8 \%$. Concrete prices increased $0.7 \%$; excluding recently acquired operations, they increased $3.4 \%$.
U.S. sales, excluding the newly acquired operations, increased $4.7 \%$ compared to the second quarter of 2016. The segments with the highest construction spending in the regions where GCC operates were residential real estate, particularly multi-family housing, public utilities infrastructure, and nonresidential construction, particularly for offices, manufacturing facilities, and hotels. U.S. sales expressed in dollars increased $26.2 \%$ in the second quarter of 2017.

In Mexico, sales for the second quarter of 2017 rose $5.5 \%$ compared to the same period last year to $\$ 1,042$ million pesos and represented $23.2 \%$ of total sales. The increase was a result of a $16.9 \%$ increase in cement prices and an $18.2 \%$ increase in concrete prices, reflecting a better sales mix; these results offset a decrease of $9.2 \%$ in cement volumes and a decrease of $9.9 \%$ in ready-mix volumes, as a result of a reduction in public infrastructure spending; a slowdown in construction activity due to the Holy Week vacation period, that affected the industrial and self-construction segments, and delays in some commercial sector projects.

Net sales for the first six months of 2017 increased $30.4 \%$ compared to the same period of 2016 and totaled $\$ 7,862$ million pesos. Sales in the first half of 2017, excluding the operations acquired last year, increased $10.8 \%$ compared to the previous year.
U.S. sales rose $37.6 \%$ in the first six months of 2017 , totaling $\$ 5,866$ million pesos. The factors that contributed to growth were: a $6.3 \%$ increase in the price of cement, unchanged concrete prices, a $34.2 \%$ increase in cement volumes, an $8.5 \%$ increase in concrete volumes, and the effect of the depreciation of the peso against the dollar.

Excluding the recently acquired operations, cement volumes increased $4.6 \%$ in the first six months of 2017, and ready-mix volumes decreased $9.3 \%$, while cement prices increased $3.1 \%$ and concrete prices increased $2.7 \%$. U.S. sales in dollar terms increased $29.7 \%$ in the period.

Mexico sales for the first six months of 2017 rose $12.9 \%$. This increase was a result of a $17.7 \%$ increase in cement prices and an $18.1 \%$ increase in concrete prices. This was partially offset by decreases of $2.1 \%$ in cement volumes and $5.6 \%$ in ready-mix volumes, as a result of a reduction in public sector activity and delays in some projects in the commercial sector.

The Cost of Sales totaled $\$ 3,239$ million pesos in 2Q17 and represented $72.0 \%$ of sales, a decrease of 0.4 percentage points compared to the same quarter of last year. The reduction was mainly due to higher prices for cement and concrete in the U.S. and Mexico and lower fuel and freight costs in the U.S., which were partially offset by an increase in fixed production costs and higher depreciation charges for assets in the U.S., as a result of the acquisitions last year.

The cost of sales excluding recently acquired operations represented $71.7 \%$ of sales, a decrease of 0.7 percentage points.

The cost of sales in the first six months of 2017 was the equivalent of $75.3 \%$ of sales, an increase of 0.3 percentage points compared to the same period of 2016, reflecting higher fixed production costs in the U.S., partially offset by higher cement and concrete prices in Mexico, higher cement prices in the U.S., and a reduction in variable costs, principally for fuel and freight, in the U.S. division.

Excluding recently acquired operations, the cost of sales in the first half of 2017 represented $74.8 \%$ of sales, a decrease of 0.2 percentage points compared to the same period of 2016.

Operating Expenses in the second quarter of 2017 totaled $\$ 417$ million pesos, $28.9 \%$ higher than the same quarter of last year, and were equivalent to $9.3 \%$ of sales, an increase of 0.5 percentage points compared to 2Q16. This reflected the increase in expenses from the acquisitions in Texas and New Mexico and, to a lesser extent, the effect of the depreciation of the peso against the dollar for dollar-denominated expenses.

Operating expenses, excluding the newly acquired operations, totaled $\$ 344$ million pesos, an increase of $6.5 \%$ compared to 2 Q 16 , and were equivalent to $8.8 \%$ of sales, unchanged from the 2016 period.

Operating expenses for the first half of 2017 increased $33.7 \%$, and represented $10.9 \%$ of sales, an increase of 0.3 percentage points, mainly due to an increase in depreciation charges from the acquired assets, and the effect of the peso depreciation against the U.S. dollar.

Operating expenses, excluding the newly acquired operations, totaled $\$ 704$ million pesos, increasing $9.8 \%$ with respect to the same period of 2016 , and represented $10.5 \%$ of sales, a 0.1 percentage point reduction.

Operating Income before Other Expenses for the second quarter of 2017 increased 21.8\% compared to the same quarter of 2016 and totaled $\$ 842$ million pesos. For the first six months of 2017, operating income before other expenses increased $25.1 \%$ to $\$ 1,086$ million pesos.

Other Expenses, Net in the quarter were $\$ 7.7$ million pesos, compared to $\$ 4.1$ million pesos in 2 Q 16.
Other expenses, net in the first six months of 2017, were $\$ 7.7$ million pesos, decreasing $77.6 \%$ compared to $\$ 34.5$ million pesos of other expenses recorded in the first half of 2016, which included a non-recurring charge arising from a sale of fixed assets in the U.S.

Operating Income for the second quarter of 2017 reached $\$ 834$ million pesos, a $21.4 \%$ increase compared to 2Q16. Operating income for the first six months of 2017 totaled $\$ 1,078$ million pesos, an increase of $29.3 \%$ compared to an operating income of $\$ 834$ million pesos in the prior year period.

EBITDA for the second quarter of 2017 totaled $\$ 1,223$ million pesos, $27.7 \%$ higher than the same quarter of 2016. The margin increased by 1.1 percentage points and represented $27.2 \%$ of sales. EBITDA in the quarter, excluding the newly acquired operations, increased $9.0 \%$ to $\$ 1,044$ million pesos. The margin increased 0.7 percentage points and represented $26.8 \%$ of sales.

In the quarter, U.S. operations generated $66.6 \%$ of total EBITDA, while Mexico operations generated 33.4\%.

For the first six months of 2017, EBITDA increased $34.8 \%$ to $\$ 1,884$ million pesos, with a margin of $24.0 \%$, or 0.8 percentage points higher than the 2016 period. Six month EBITDA, excluding the recently acquired operations, increased $13.5 \%$ to $\$ 1,585$ million pesos. The margin increased 0.5 percentage points to $23.7 \%$ of sales.

In the first six months of 2017, U.S. operations generated 60.5\% of total EBITDA, while Mexico operations generated 39.5\%.

Net Financial Expenses in the second quarter of 2017 totaled $\$ 302$ million pesos, an increase of $157.7 \%$ compared to the same quarter of the previous year. This increase was due to a higher debt balance arising from the US\$253.5 million financing for the acquisition of assets in the United States; expenses resulting from the refinancing of the senior secured notes due 2020 that were paid through the issuance of new, senior unsecured notes, with better rate and tenor; an exchange loss of $\$ 28.6$ million pesos; and the effect of the depreciation of the peso against the dollar.

During the first half of 2017, net financial expenses were $\$ 601$ million pesos, an increase of $120.9 \%$ over the same period of the previous year, due to the same factors affecting the quarterly increase in financial expenses.

Income Taxes totaled $\$ 129$ million pesos in the second quarter of 2017, a decrease of $8.2 \%$ compared to 2Q16. This reduction was due to lower income before taxes. For the first six months of 2017, income taxes totaled $\$ 48$ million pesos.

Consolidated Net Income in the second quarter of 2017 was $\$ 414$ million pesos, a $5.4 \%$ decrease. In the first half of 2017, consolidated net income was $\$ 445$ million pesos. Earnings per Share were $\$ 1.24$ pesos per share in the second quarter and $\$ 1.34$ pesos per share in the first six months of 2017.

Free Cash Flow in the second quarter of the year generated resources for $\$ 55.0$ million pesos, $74.9 \%$ less than the $\$ 220$ million pesos generated in 2Q16. This variation reflected increased use of resources for working capital and tax payments; an increase in financial expenses due to a higher level of bank debt; and the payment in June of accrued interest and expenses arising from the refinancing of the 2020 notes, which were partially offset by the increase in EBITDA and a reduction in maintenance and asset replacement capex.

In the first six months of 2017, free cash flow was a negative $\$ 390$ million pesos, $115.4 \%$ above the 2016 requirement of $\$ 181$ million pesos. The increase principally reflected the increase in financial expenses, tax payments, and working capital requirements, which were partially offset by the increase in EBITDA and other income.

As of June 30, 2017, Interest-Bearing Debt totaled \$12,114 million pesos (US\$677 million), 46.5\% higher than the amount at the end of the second quarter of 2016. This increase was primarily due to the bank loan contracted for the partial financing of the acquisition of cement and ready-mix assets in Texas and New Mexico.

Net leverage (Net debt/EBITDA) at the end of the second quarter of 2017 was 2.56 times.
As of June 30, 2017, short-term debt was $\$ 150$ million (US $\$ 8.4$ million dollars), or $1.2 \%$ of total debt. As a result of the refinancing, the maturity of the senior unsecured notes increased 4.4 years and the interest coupon decreased 2.875 percentage points. The Company's debt is $100 \%$ denominated in U.S. dollars.

## OTHER MATERIAL EVENTS

## GCC successfully completes the issuance of debt for refinancing

On June 23, 2017, GCC announced that it completed the issuance of US $\$ 260$ million Senior Unsecured Notes, with an interest coupon of $5.25 \%$, and a maturity date of February 23, 2024 (the "Notes"), which were placed in the United States and other countries outside Mexico. The resources obtained from the Note issuance were used to pay the outstanding GCC 8.125\% notes due February 8, 2020 (the "2020 notes") through a tender offer; GCC also paid on June 27th the remaining 2020 notes that were not acquired through the tender offer.

The Notes have been rated BB by Standard \& Poor's and BB by Fitch Ratings. More than 100 international investors participated, and total bids were approximately US\$ 1 billion, or 3.5 times the amount sold. U.S. and Canadian investors accounted for about $74 \%$ of the demand, European investors $13 \%$, and Latin American investors 13\%.

## S\&P upgrades GCC's long-term corporate rating

On June 5, 2017, GCC announced that S\&P Global Ratings (S\&P) raised its long-term corporate rating for GCC to BB from BB-, with a stable outlook.

In their ratings decision, S\&P cited the rapid integration by GCC of the assets acquired in the U.S. in 2016, which improved GCC's strategic geographical footprint and enabled the company to consolidate efficiently its distribution network in the central part of the United States and the state of Chihuahua in Mexico.

## GCC appoints new Chief Financial Officer

On May 24, 2017, GCC announced that Luis Carlos Arias Laso had been named the company's new Chief Financial Officer.

Luis Carlos Arias has worked in GCC since 1996, in the Planning, Finance, and Corporate Treasury areas. He has an undergraduate degree in financial administration and an MBA, both from Tecnologico de Monterrey (ITESM). He is also a graduate of the senior management program of the Instituto Panamericano de Alta Dirección de Empresas (IPADE).
